

NON-VERIFIED STUDENTS

SCHOOL SUPPORT SERVICES

Speech & Language Development Australia understands that not all students who present with Language Disorder are verified. This service supports students in Prep to Year 3 who are experiencing difficulties developing adequate language skills for learning.

The program is a fully funded service, which aims to promote early identification and positive educational outcomes for students suspected of having Language Disorder.

SALDA SSS also provides a range of resources to school staff to increase their understanding of and differentiated teaching practices for students with Language Disorder.

When referring to our service, we strongly encourage collaboration with all key stakeholders who may be a part of the student's support team, including family members and allied health professionals.

SALDA's School Support Services for non-verified students is funded by the Department of Education through the Non-State Special Needs Organisation Program.

Eligibility

- Non-verified students who are experiencing difficulties accessing the curriculum as a result of suspected language difficulties.
- Prep to Year 3 students.
- Enrolled in State, Catholic and Independent schools across Queensland.

Service includes

- Classroom observation.
- Informal multidisciplinary assessment.
- Consultation with school staff and key stakeholders to identify the student's strengths and support needs.
- Collaborative goal setting.
- Comprehensive report containing strategies and recommendations to support student learning and educational outcomes.
